

Special Session CIBIM at CISDA Symposium
IEEE SSCI 2018 in Bengaluru, India

CALL FOR PAPERS

Special Session on

Computational Intelligence in Biometrics and Identity Management - CIBIM

A special session CIBIM at the 2018 IEEE Symposium on Computational Intelligence for Security and Defense Applications (IEEE CISDA 2018) within the 2018 IEEE Symposium Series on Computational Intelligence (2018 IEEE SSCI) to be held on November 18 - 21, 2018 in Bengaluru, India, will provide an interdisciplinary forum for researchers, industry experts, and students from around the world to discuss the latest CI advances in the field of Biometrics. Topics of interest include but are not limited to:

- Biometric technologies and systems
- Biometric applications for security and defense
- Biometric identity management (multiple layers of security, e-passport)
- Biometrics for rehabilitation and healthcare
- Multiple biometrics, multi-modal biometrics and intelligent data fusion
- Human factors, privacy issues, and protection of the biometric data
- Cognitive Biometrics
- Embedded and wearable biometric systems
- Mobile biometric devices and IoT
- Biometric conformance, interoperability and testing

Information on CISDA can be found here: <http://ieee-ssci2018.org/cisda.html>

The submission will be handled via 2018 IEEE SSCI site:

<http://ieee-ssci2018.org/submission.html>

Authors, please, use the IEEE paper format to prepare your paper:

http://www.ieee.org/conferences_events/conferences/publishing/templates.html

CIBIM organizers:

Dr. Ruggero Donida Labati, Università degli Studi di Milano, Italy, ruggero.donida@unimi.it

Dr. Svetlana Yanushkevich, Biometric Technologies Laboratory, University of Calgary, Canada, syanshk@ucalgary.ca
